

Deltrol

FLUID PRODUCTS

Fluid Power Specialists

- Aerial Work Platforms
- Agricultural Tractors & Harvesters
- Bucket Trucks
- Car / Truck Lifts
- Earth Movers
- Fork Lifts
- Mining Equipment
- Refuse Equipment & Compactors
- Scissor Lifts
- Snow Removal Equipment
- Hydraulic Power Units

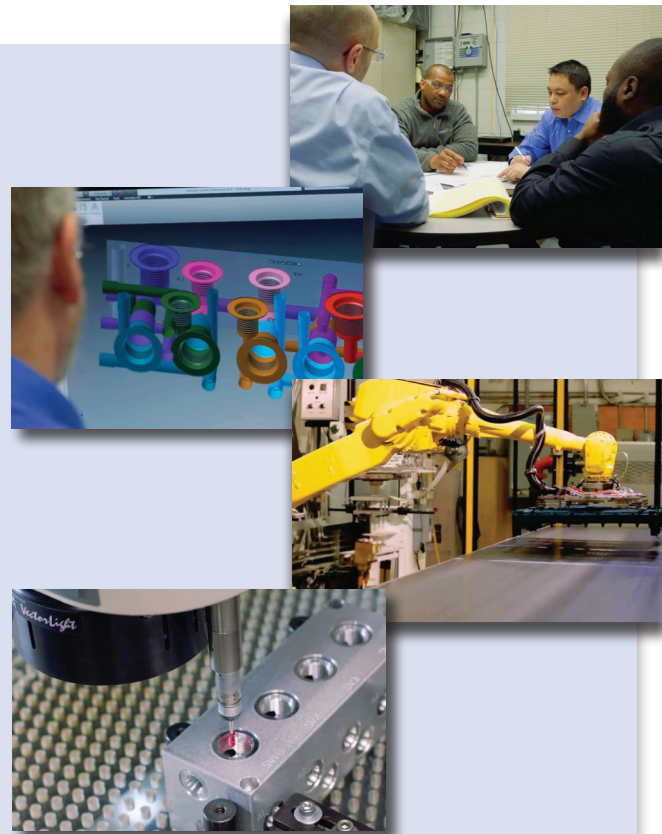

We Are Deltrol Fluid Products

Who We Are

- Providing motion control solutions into fluid power applications for over 55 years
- ISO 9001: 2015 certified quality system
- 100% final inspection on every valve
- Pneumatic or hydraulic applications

Who We Serve

- Automotive Manufacturing
- Construction & Agricultural Equipment
- Fluid Power Component Manufacturers
- Industrial Automation
- Material Handling
- Medical & Patient Handling
- Power and Energy

Cartridge Valves

- Solenoid
- Check
- Motion Control
- Flow Control
- Proportional Flow Control
- Pressure Control
- Relief
- Sequence
- Shuttle
- Directional
- Space saving/embedded Zero Profile Valves
- Anti-Cavitation valves
- Up to 5,000 psi

IP69K Coils

- Combined IP67 & IP69K rated
- 10 standard voltages
- Custom windings to your precise requirements
- 8 & 10 size available
- 100% Designed & Manufactured by Deltrol
- Suppression diodes available

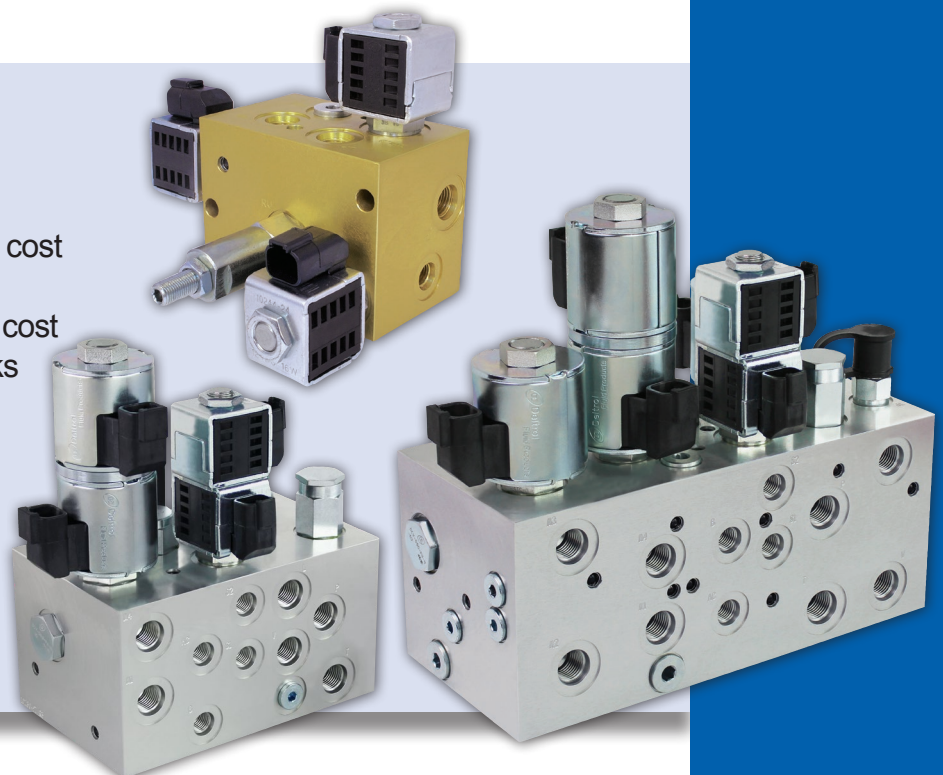

In-Line Valves

- Check & Shuttle
- Flow Control
- Directional
- Miniature Series
- Pneumatic
- Hydraulic

Integrated Circuit Manifolds

- More compact and efficient
- Reduces overall total system & inventory cost
- Customer specific solutions
- Reduced installation time & maintenance cost
- Virtually eliminates external hydraulic leaks
- 100% functionally tested
- Pressures up to 5,000 psi
- Industry common cavities
- Aluminum, steel and ductile iron manifold materials available
- Fittings and other accessories assembled to block as required
